Welcome to the 2019 edition of the Philadelphia Black Biz Directory. As a leader in community development in the region, the Beech Companies, Inc. through Beech Community Services, has published this directory in an effort to identify and promote Black-owned businesses in the city of Philadelphia.

The directory is part of the nationwide movement to support Black-owned businesses throughout the Diaspora and includes over 400 businesses owned by African-American, African and Caribbean entrepreneurs. Beech and other community development organizations must lead the way in organizing our communities around Black Economic Development. That was one of the goals of the late Floyd W. Alston, visionary and founding president of the Beech Companies.

Promoting and supporting Black-owned businesses is an essential aspect of the ongoing movement to harness the economic power of Black communities in Philadelphia and this directory is a vital component. Supporting Black-owned businesses supports Black families, raises the income level of the community at-large, and is the first step towards self-sufficiency and real group empowerment. The directory is founded on the Kwanzaa principle of Ujaama – cooperative economics – that should be practiced on a daily basis.

So, put your money where your mouth is, and join us in patronizing the businesses in this directory. The directory can also be downloaded from the Beech Companies’ website. Much thanks to Santander Bank for supporting this project and Progressive Images Marketing Communications for producing the directory on our behalf. For information on inclusion in future editions email northphillybiz@outlook.com.

Sincerely,
Dr. Kenneth Scott
President/CEO
